

# *Pay Pool Administrator Advisory*

2015-07

Issue Date: November 03, 2015

**Topic:** Compensation Management Spreadsheet (CMS) 2015 v2 Posted in Pay Pool Notices

**Discussion:** Version 2 of the CMS has been released. This version fixes a bug that caused discretionary Contribution Award (CA) set-aside to reset to \$0 on import back to the CMS from CAS2Net and adjusts the formula for the General Pay Increase (GPI) for employees on retained pay.

**Action:** Use the updated CMS v2 found in Pay Pool Notices to facilitate pay pool deliberations going forward. If currently using CMS v1, do an Export and Upload to CAS2Net; download the CMS v2 from Pay Pool Notices, do a Download and Import and continue working. These actions are commonly referred to as a round trip. Version 1 has been deleted from Pay Pool Notices.
