

Pay Pool Administrator Advisory

2018-13

Issue Date: 13 September 2018

Topic: CAS2Net Monthly Maintenance Window (MMW) System Notification

Discussion: CAS2Net system maintenance is scheduled for Friday, October 12, 2018, 5:00PM (1700) EST to October 14, 2018, 7:00PM (1900) EST. Please note that this does not mean your system will be unavailable through the entirety of the MMW; however, in order to effectively perform testing, fix issues, and to collect testing results, it will be necessary to allocate a window of time when system availability will be low. This has to be done in order to provide the best possible service and support to your organization and ultimately the Warfighter. This will also enable CAS2Net to operate at peak performance as well as comply with the most updated security measures as well as deliver a cost effective and sustained level of availability.

Action: Please inform your staff of the upcoming CAS2Net outage.
