

Pay Pool Administrator Advisory

2018-21

Issue Date: 13 Dec 2018

Topic: CAS2Net January Monthly Maintenance Window (MMW) System Notification

Discussion: CAS2Net system maintenance is scheduled begin January 11, 2019, 5:30PM (EST) (1730) and conclude on 13 January, 2019 5:00PM (1700) EST. Please note this does not mean the system will be unavailable through the entirety of the MMW. This is part of the monthly maintenance window to implement patches and security fixes for all systems, so unfortunately this session maintenance cannot be changed. MMWs enable CAS2Net to operate at peak performance as well as comply with the most updated security measures as well as deliver a cost effective and sustained level of availability.

Action: Please inform your staff of the upcoming CAS2Net outage.
